Dashboard Settings: monitor herd performance in UNIFORM (video)

Dashboard · https://www.uniform-agri.com/knowledge-base/dairy/dashboard/dashboard-settings-monitor-herd-performance-in-uniform-video/

Do you know how to use the **UNIFORM-Agri Dashboard** and to select the settings that are most relevant for your farm ?

In this demo video, we'll show you step-by-step how to configure the **UNIFORM Dashboard** for your farm. This will help you create a clear and concise **Dashboard**, helping you to manage your herd's production, fertility, and health performance. The **Dashboard** is designed to help you identify cows that require attention and monitor problem areas helping you manage the herd better.
