Group Settings: manual and automatic grouping (video)

Grouping · https://www.uniform-agri.com/knowledge-base/dairy/grouping/group-settings-manual-and-automatic-grouping/

In this movie we would like to take you through the grouping options that are available in your **UNIFORM Management** program. We will show you how to setup the groups , manually move cows between groups using the **Group Wizard** and how to setup the automatic grouping options. We will also show you how to find the **Group Reports** and how to find the **Group Summary**.
